

Just For Openers

1478 ALBATROSS RD. SANIBEL ISLAND, FL 33957 (813) 472-0004

We are now in our 10th year of publication. You should all congratulate yourselves. We have seen many start-ups in different collectors newsletters that have gone by the wayside after two to five years. Not ours! Thanks to all of you who have renewed membership through the years and to the new members who joined. We are not "just another newsletter". Our group has a rapport, each willing to help another in our specialized hobby. On page 2, is a copy of the front page of the first issue put out by DON BULL.

If you are wondering why you received the Oct.'87 issue in early Sept. & this one in mid-January, I had moved. My new address is in the masthead above and I have also enclosed my new collector card. The Holidays did not help. 'Nuff said.

Features in this issue: 1988 membership directory, additions of unlisted openers/corkscrews in the Handbook and up-dates in our JFO, BILL McKIENZIE's Opener Trivia, your classifieds and a reminder of our 10th annual convention. VIC KEOWN and his "volunteers" are finalizing the details for the best one ever (although the last 9 were super). We hope to see you there. We need a host/sponsor for our 1989 one. Are you willing to be that V.I.P.? We can give you all the assistance you would need from our experience of hosting them. Let VIC know that you will be that V.I.P. (Very Important Person) so that he can announce it at our 1988 one.

Getting back to the "additions", my sincere THANK YOU to these members who made it possible: NATALIE BLAKEMAN, FRED BOLTON, RAY BRAEUNER, ROGER BURKE, JOE CARDONE, ROBERT CROSS, JOE DUBNICKA, BILL ENNIS, BOB GAUL, FIL GRAFF, JIM HOLLINGER, HARRY HORN, LARRY JAEHNERT, ART JOHNSON, ED KAYE, VIC KEOWN, RAYMOND KLING, GEORGE LOHMILLER, BILL McKIENZIE, TOM MORRISON, JOHN OSORNO, CARL REES, ART SANTEN, ROY SCANLAN, JERRY SCHELE, HENRY SMITH, JOHN STANLEY, BOB STOWE, TED STRINY, BOB VANVACTOR, VERNE VOLLRATH, HARRIET WALDO, GLENN WALLING TOM ZRUNO.

A reminder: additions are to be sent to me. New Discoveries are to be sent to ART SANTEN. Thanks for your co-operation.

Seems that we are all busy, but I must add that the ABSOLUTE DEADLINE for the April issue of your contributions, ads etc. is MARCH 1st.

Have another good collecting year!

Just for Openers

Welcome to the premier issue of "Just for Openers." The purpose of this quarterly newsletter will be to serve as an arm for collectors of openers to broaden their collection through contact with other collectors and to attempt to establish a running catalog of new finds. Through the help of a number of dedicated collectors BEER ADVERTISING OPENERS - A PICTORIAL GUIDE became a step in the right direction. When a book is published concerning a specific collectible with a rather limited audience, it is neither an easy nor a profitable task. I have been asked by many collectors about plans for a revised edition in the future. Until such time as the number of collectors grows, that would be rather impractical. However, in the meantime, this newsletter should serve its purpose in providing updates to the book. This is your newsletter and it will only progress and further the hobby through your support! Keep those additions to the catalog of openers, discoveries, ideas, and historical information on openers coming in!

I have been asked many times why I did not include values in the opener book. I gave that question a lot of thought when putting the book together and felt that I could establish values based on openers in my collection and have a more saleable book because I had arbitrarily assigned values. But what is the value of an opener which you buy at a garage sale for five cents and then go to a flea market and see the same opener for two or four or even ten dollars? And would such a price guide have a tendency to drive prices up? It has with other collectibles! I would like to hear your opinions on this. At this point I feel it is time for the opener collecting populace to establish values based on an average of opinions. An "Opener Value Survey" form is enclosed with this newsletter. If enough of you are willing to sit down and list what you feel are the average values, I will average those out and publish them in the next newsletter. In addition, please answer the questions on the back of the form. Please return this form as soon as possible. Do it NOW!

A list of collectors who subscribed to this newsletter and who desired to be listed is enclosed. Any help you can offer in making this list grow will be appreciated.

My intention in this first newsletter was to list all the additions to the "A" and "B" type openers. With all the new "discoveries" which were submitted, I opted to cover these instead. Barring a rash of new "discoveries" the next issue will contain "A" and "B" type additions. Send your lists.

The next issue will be published in April and the deadline for additions, news, and want ads will be March 1. "Just for Openers" will be published four times per year and the subscription rate will be \$5.00 annually.

I have now done my rambling for this issue. I hope you are pleased with the following pages.

- I want to thank Joe Young for the idea for this issue of Opener Trivia. Some time ago Joe sent me photostats of three openers he had with Holiday Greetings on them. He suggested I might include them in the January issue in the spirit of the season.

I really liked Joe's idea so I dug out a couple more openers I had with Holiday Greetings and borrowed a few more out of Gary Deachman's collection. The six-pointed stars were added as a finishing touch.

When used as a brewery trademark the six-pointed star is not a Jewish symbol. Below is an excerpt concerning the star taken from page 13 of Michael Jackson's The World Guide to Beer.

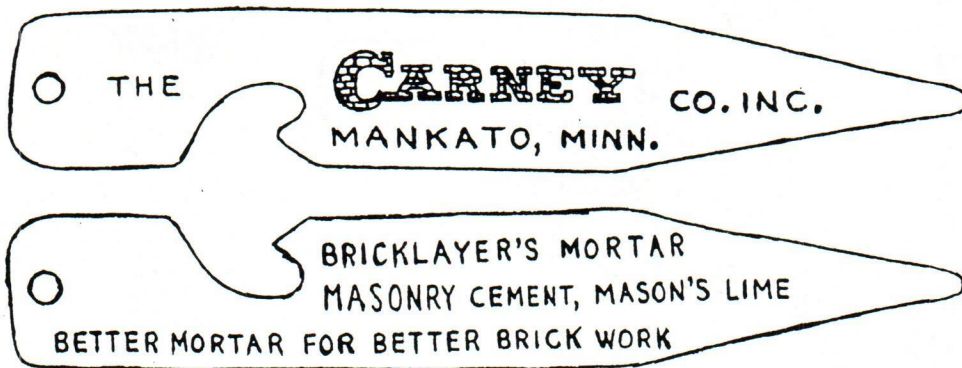

"It is said that King David of the Jews was a brewer, but the six-pointed star often seen on engravings of brewers is the symbol of alchemy...an allusion to the brewers art. With fire and water, he can still blend a wide variety of magical mixtures."

According to Webster alchemy was an early form of chemistry, with philosophical and magical associations, studied in the Middle Ages. Its chief aims were to change baser metals into gold, and to discover the elixir of perpetual youth.

Many brewers who in fact were Jewish chose to use the star as part of their trademark, however, it should be noted that other non-Jewish brewers also used it. This is probably the only association between the star as a brewery trademark and Judaism, unless as Michael Jackson suggests it possibly originated with King David.

Can any of our members add anything to this subject?

- Frank Kraft of Mankato, Minnesota sent in this unusual combination opener. Can anyone suggest what it might have been used for besides an opener? It seems I have seen similar pieces, without an opener, with advertising on them. The opener measures about 3/16 " thick.

- Usually Ollie (Hibbeler) sez stuff, but this time he wants some answers to thez questions.

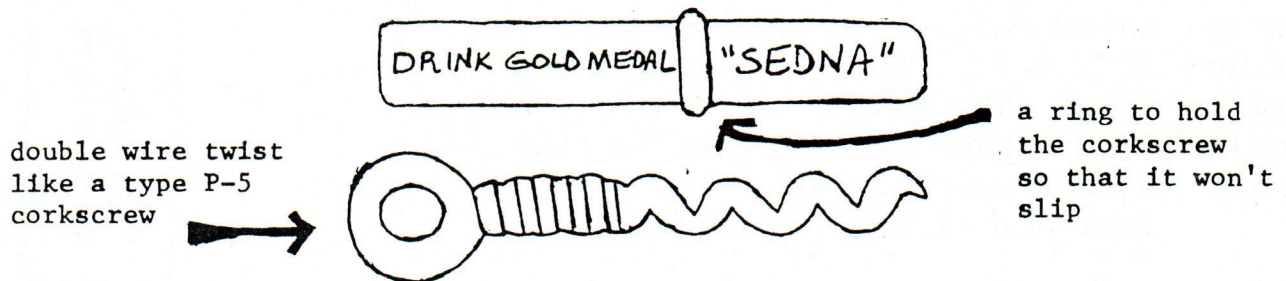

1. What are the origins of the D-1-6 Newman-Pittsburg & D-9-16 Newman-Pittsburg? I believe they are from St. Louis - NOT PENNSYLVANIA. The two registers of U. S. Breweries do not supply much information. Who or what is NEWMAN? Quite a few of these openers show up in the St. Louis area.

OPENER TRIVIA - ADDENDUM

(continued from the preceding page)

2. I have found two A-12 openers in the St. Louis area with the following sentence on it - WASN'T THE DEPRESSION HELL? Does anyone know of one of these openers with commercial advertising on the obverse side?
 3. I have a GYRO CO. set with a stainless steel corkscrew and a stainless steel M-19 type opener in it. They are both marked FROEDTERT MALT. What are the origins of this malt?
- John Stanley of Durham, North Carolina found this nice corkscrew. Does anyone know if this is actually an American Beer brand and, if so, which brewery produced it?

MY PERSONAL THANKS TO ALL OF YOU WHO HAVE CONTRIBUTED TO THIS ISSUE OF OPENER TRIVIA.

Bill McKenzie 6360 So. Jellison St. Littleton, CO 80123
