H-12-ND New Discovery

Chris Quimby's Business partner turned up the H-12-ND shown at the top. A great find in the club's 21st year. It is a patented opener from Milwaukee, WI. Unfortunately only part of the patent date can be read. If anyone has any information on this opener please write.

Our rate is \$86 per night while the normal room rate is \$139 per night. You can always cancel your reservation if you are unable to attend. Please call 1-800-233-1234. Tell them you are with the 2000 Just For Openers Convention.

2001 Convention St. Joseph, MO (23nd JFO Convention) (April 18th to 22th 2001)

Don Whelan will be hosting the 23rd convention at the same location as the 1995 Convention, Ramada Inn in St. Joe MO. He has signed a contract and we are set. Don really wants to do this convention so the schedule was rearranged and his dates moved up from 2002. The 2002 will most likely be in either Fredricksburg VA or Williamsburg VA and will be hosted by Larry Moter. (Larry, Pat has never been to Williamsburg - Hint, Hint!)

"Just For Openers" Advertising Opener Book by Bull and Stanley

If you haven't ordered *Just For Openers A Guide to Beer, Soda & Other Openers*, you are missing out on a great book. And don't forget Don Bull's other books; *The Ultimate Corkscrew Book* and *Bull's Pocket Guide to Corkscrews*. Order form was in the last JFO issue or write, Bullworks, PO Box 596, Wirtz VA 24184.

Soda Advertising Openers sent to Schiffer

Soda Advertising Openers was sent to Schiffer publishing on September 13th. From there the process of formatting, editing, and finally printing and shipping takes about six months. It will once again be a great book for opener collectors. I hated for a new century to dawn before completion but it will be worth the wait.

1999 JFO Convention Final Comments by Bob McNary

The 1999 JFO Convention is passed and Y2K is just around the corner. I would like to thank Art Johnson and John Stanley for all their help, to make this a great convention. Also my thanks goes out to my companion Gloria Counts for putting up with me the last couple years of getting this affair together and all the help she gave during the convention. Also to my niece Cheryl Czaja of Buffalo, N.Y. for her great job putting the (convention) booklet together. To all members for their help with the tables and chairs that had to be set up for the auction and the open house. Thanks to all the members that took guesses on the bottle caps. The winner was Eileen Johnson with a guess of 1155, the amount was 1154. The split went to the H.E. Moffet cancer research center in Tampa, Fl. Thanks to all members in Florida for the great turnout, 9 out of 13, GOOD SHOW!!!

Thanks again to all that attended and hope ya'll had a great time.

Bob McNary

Member's Update

I must report the passing of two JFO members. Our thoughts and prayers go to the surviving family members.

Ray Schmeisser of Caldwell, TX passed away on April 27th. Ray joined JFO in July, 1991 and was an avid collector of "E" style openers.

Dale Deckert of Orlando, FL passed away on September 14th. Dale joined JFO in April, 1990. He was a longtime collector of openers and just this year received recognition in the "Guinness Book of Records" as having the largest opener collection in the world.

Despite two heart attacks in September, Larry Biehl is doing okay and should be home by the time this newsletter is mailed. Members wishing to send a card can write Larry at, 448 Crandon Ave, Calumet City IL 60409.

Art Johnson has been busy taking care of Eileen who is recovering from surgery. He must be doing a good as he was rewarded (see "Opener Trivia"). You can write Eileen at, 155 Hartford Ave E, Mendon MA 01756

1999 ECBA (27th) Convention Reading, PA (July 14-18 1999)

One of the hard things to do in life is to get the Stanley family on the road early. Pat likes her sleep (since Corkie has go out at Midnight or later to potty) but Corkie, her and yours truly were finally on the road by 7:35 Wednesday morning. Pat did seem to enjoy driving my new Ford truck. It was a long day after a 30 minute wait in traffic below Richmond, VA and the always fun drive around Washington DC. We finally arrived at Reading at 4:00. The weather was great that day but the temperature started going back up each day afterwards and by Saturday was near the 100 degree mark. The hotel was the Sheraton Berkshire which was very near the Inn at Reading site of the 1994 JFO Convention.

We had an end room so unloading was not too bad except for the case of *Just For Openers* books I brought to sell. As with recent beer shows the attendance was a little down and the "smalls" were really getting tough to find. My only purchase the first day was a P-90-3 Hupfels. I did complete some small trades with Harold Queen (he was nice enough to trade back a B-27-3 Koehler to complete my B-27 collection). Norm Jay purchased some bar mount openers and a couple of pre-pro mugs. Book sales were a little slow that day, but by the end of the show I would sell (oops Pat sold 12) all 29 books that I brought. The new *Just For Openers* book was a quick selling item if people could actually see the great pictures.

Thursday morning Norm Jay made a one and a half hour drive to Jim Thorpe, PA to see Harold Queen's collection. We spent over two hours looking at a lot of nice openers. Harold has a bar area in his basement filled with local breweriana items. His openers are in a work room being displayed on peg board (the Pennsylvania collection) or in the small glass top with cardboard side display cases. Harold's interest in openers covers many areas with Pennsylvania leading the way followed by M-3s, "O" type wall mounts, non-beer Pennsylvania, "C"s, and some corkscrews and cigar box openers. Norm learned as I already knew that Harold and Boots are big Penn State football fans. If anyone ever turns up any Mauch Chunk, PA (Jim Thorpe previous name) please keep Harold in mind.

On the way back to the hotel we stopped at Jodie Farra's antique mall in New Rheingold, PA. Jodie is a breweriana dealer and has turned up a lot of nice openers in the past. Norm did find an E-4 Neustadtl that he needed for his collection.

We arrived back at about 2:00 and things were picking up including the temperature. Our air conditioner was okay but not great. I did keep the room open for selling and made a couple of trips around to see what else was available. I added 3 more wood handle corkscrews with the best being a P-13 Schlitz. Larry Moter and I completed another trade but this one was certainly on the small side. That evening I stayed in the room trying to sell books and some of the "miscellaneous" openers I brought. Sales were not too bad.

Friday morning Norm and I made a one hour trip to Ben Hoffman's house. Ben and Cornelia live in Perkiomenville about 45 minutes from Philadelphia. Ben has his main collection displayed in small glass top cases. Like Harold he specializes in Pennsylvania openers, M-3s (Ben only needs 3 to complete his collection, Seitz, Hialeah, and Trommers) and cigar box openers. He also collects most east coast beer openers and "C" types. I would estimate that Ben has close to 80 percent of all known PA openers. We stayed nearly 3 hours. Ben and Norm even worked out a trade with Norm getting a K-6 Pearl and Ben getting some cigar box openers. The K-6 was pretty rough but Norm was happy to get it and now only needs a K-7 Budweiser and a K-10 Schlitz to complete his bar mount collection.

1999 ECBA (27th) Convention Reading, PA (July 14-18 1999) (Continued)

We were back at the hotel by 1:30. One thing this hotel had was good food. The breakfast buffet was great and I had the lunch buffet with Norm and Judy. That night was the ECBA banquet so I completed a buffet sweep that day with each meal being excellent.

Pat was able to hit some of the local outlet malls and Corkie spent her time guarding the room. That evening Pat started carrying the new opener books around and sold 10 that night. Many of the buyers were somewhat interested in openers but really liked the book and its appearance. Openers found in room-to-room were scarce so I once again spent most of my time trying to sell books and general openers (I had brought foreign, non-beer and some lower end American beer openers). That evening I did purchase a P-133-UL Moerlbach from Rich Alonzo but it was not in the best of condition.

Saturday morning was the ECBA business breakfast followed by a public show. The club could not obtain a volunteer for newsletter editor so the duties will be rotated between three people with your JFO editor volunteering to do the Spring issue next year (if anyone has any good breweriana articles please let me know). The show had a 100 tables but hardly any good openers. Larry Moter did find an A-21-81 Schlitz. Pat helped me sell the last of the opener books and by 1:00 we were ready to head back to Durham. I must admit that the local collectors set-up a great Reading, PA breweriana room. Twenty-four different lithos were on display. Thanks to Scott Parzanese for a nice convention. JFO members in attendance were Norm Jay, Harold Queen, Larry Moter, Kenny Ostrow, Herb Haydock, and Ben Hoffman with Art Johnson Jr, Tom Gormally and Joe Paczkowski. I traded Art Johnson Jr a P-5-10 Bergner & Engel for several miscellaneous openers (O-8 Crystal Rock, B-49 Lancaster, E-9 Beverwyck, G-5 Schemm and a N-56 Pepsi-Cola). The drive home was tedious with lots of traffic but we arrived safely by 9:30. Sunday was opener clean up day and NABA was right around the corner. Next year's ECBA convention is in Somerset, NJ.

1999 NABA (28th) Convention Rochester, NY (July 28-August 1 1999)

We left right after work on Tuesday. Our first night destination was Frederick. MD. It was after 11:00 when we rolled into the hotel parking lot. Pat, Corkie and I were three tired puppies. Early Wednesday morning we headed up US 15. I expected a seven hour trip but it was eight and after 4PM before we arrived at the Rochester downtown Holiday Inn. Right off the bat a couple of NABA members told me about hotel problems with check-ins and a couple of cars being broken into. We would also be sharing the hotel with an African-American Methodist Convention. During our stay they were all nice to us and some were even curious about our hobby. Being in a so-so downtown area was not a happy thought for Pat and myself. When we found out how tough parking was we left the F-150 parked out front for two days before we had to move it over to the side of the hotel. Our room was nice and I found a few other rooms open but my main competitors, Norm Jay and Larry Moter, were already prowling the halls.

1999 NABA (28th) Convention Rochester, NY (July 28-August 1 1999) (Continued)

Unlike previous NABA conventions, this one was slow and never picked up much speed. Rochester, NY is some distance from the heartland of NABA and the low turnout reflected this fact. The good news was a lot of familiar faces and everyone seemed to have a good time. Even Corkie the Yorkie seem to enjoy us having the room open to try and sell the *new Just For Openers* book. That evening was mostly socializing and I can't remember getting any openers save for a couple from Tye Schwalbe (A-23 non-beer and an E-3-50 Gipps). Thursday was a much better day for openers. I started off by buying a small pile of openers from Vic Kroll (the same JFO member of the Naples Convention fame). This time Vic did not have the hoard he had at Naples but I did get a B-21-UL Mathie, a H-2-3 Atlantic and several miscellaneous openers.

That afternoon JFO member Phil Mandzuk was finally able to check in to the hotel after being denied a room the day before even with a confirmation slip. Phil brought three milk bottle cases full of Canadian openers with a few American openers thrown in the mix. Before I got to see Phil's openers, Pat and I went with Boots and Harold Queen to the local micro brewery for supper. The Empire Brewery served good food. Afterwards Mark Barren came by the room and we finally completed a trade. He received a M-3-40 Deer Park (Red)and a E-7-83 Moerlbach while I got a P-116-1 A-B, E-8-106 Iroquois, E-4-195 Standard and B-21-305 Schwarzenbach in return.

That night Larry Moter led the way into Phil's room. Phil's wife Judy was keeping an eye on the openers and graciously turned us loose to look through the crates. Of course Larry had to check the "wire" case. I spent my time going through all of the other types. There were ring after ring of openers. Some "A"s, a good number of "B"s and "C"s, lots of "E"s and lots of miscellaneous. Larry ended up with 53 different Canadian wires and I bought eight "H-10"s, a C-21-1 Crystal Rock, 5 different wires, a Frontenac pipe tamping tool and an A-23 Red Cap Ale. My selection made me a happy camper and I know it made Larry's show as far as buying openers.

Friday was the NABA auction and I failed to spot any openers or corkscrews for sale. With a minimum starting bid of \$50, it is rare to find openers being auctioned. Friday night I attended the NABA banquet and for the most spent most of my time that day and night trying to sell the JFO books. Saturday was the public show open to the public. JFO members walking in were Mark Barren, Leo Blatz and Bill Arber.

Other members at the show besides Norm Jay, Larry Moter, Harold Queen, Vic Kroll and Phil Mandzuk were, John Fergurson, Herb Haydock, Jim Kaiser (all NABA board members along with Norm and Larry), Chuck King, Roger Levesque, George Love, Dan Morean, Ken Ostrow, Bob Post, Larry Sherk, and Mark Zeppenfelt. We also gained two new members from the convention, Steven Clovis and Pat Stambaugh. My best purchase Saturday was a 1919 Vaughan catalog. Don Bull has shown it before but I was very happy getting my official "Vaughan Catalog". Phil Mandzuk sold me an O-14 Labatts, a P-7 Carling and an O-5 O'Keefes. By noon it was time for Pat, Corkie and me to head back home. It was a pretty long and uneventful drive and it was 1:00 AM when we arrived in Durham. Another good show and we (Pat and myself) sell 25 JFO books.

Next year's NABA convention is in Naperville, IL (just a few minutes from the Hyatt Lisle site of next year's JFO convention). The dates are August 2nd through August 6th. This one promises to break all previous NABA Convention attendance records. Just remember you need to be a NABA member to attend.

1999 BCCA (29th) Convention Phoenix, AZ (September 8-11 1999) (by John Cartwright)

The 29th Annual BCCA Canvention was held in Phoenix, Arizona this year from September 8 - 11. More than 600 collectors and quests attended. Among them were some JFO VIPS -- namely Steve Armstrong, Bob Campbell, Herbert Haydock, Nick Johnson, Art and Dorothy Santen, Brad Vifquain and Don and Cora Whelan! I hope I did not miss anyone.

There was more heat outside than inside (109), unfortunately. The trading was more laid back than fast-and-furious. The setup was not very good, using one big room and a small one and also using a tent in the parking lot!

Thursday night, I helped out at the micro-beer tasting, which was the highlight of the show! Nine micro-breweries poured 15 different beers to sample. The Milk Stout from Bandersnatch Brewery was terrific! Luckily the brewery itself was located right across the street. Chili Beer was also very good.

The Friday-night Auction provided some spirited bidding on a few cans but not much in the way of quality breweriana. Because of Thursday and Friday nights' events, the room to room action was virtually non existent after Wednesday night.

Continuing the slow trend the Saturday show did not start until 11:00 A.M. The public attendance was disappointing; it was probably deterred by the five-dollars-per-person entry.

However, I was able to pick up a P-55-UL H. Weinhard's from Nick Johnson and a N-29-XX Polar Ginger ale from Don Whelan. They always seem to have a least one opener I want.

I flew in to Phoenix, so I was not able to hit the malls, which usually turns up some goodies. But I did manage to see a couple of collections while in town. Unfortunately, I did not have a lot of time to see them. The search will have to wait until the next trip.

Ollie and Shirley Hibbeler's Safari to the Great Northwest

Ollie rarely misses an ABA Convention but a chance to go to the Northwest US and Western Canada made him absent. The three week trip in June included some stops in Montana. Here is Ollie's explanation of one stop at The-Middle-Of-Nowhere, MT.

We were in So. Central Montana heading north to Canada. We had driven about 80 miles without so much as a gas station. Came to a small town of Sulfur Springs, Mont. (Pop. Approx. 100). We ate at the town's only restaurant and got gas at their only service station. While pumping I saw a pick-up drive up and open the door to a small junk and antique shop. Paid for the gas and went next door.

Owner said he had a minute to spare as he had to meet someone. Looked the place over in 5 minutes. He had some common E's and I's. Told him what I was interested in. He replied that a lady had been in recently and bought several good ones. He knew she was a serious collector as she brought the "books" in with her. I asked, "Was she on the short side?." "Was she about years of age?" (I'll leave the numbers out for now.) He said, "yes".

I got home, called Harriet Waldo up (she lives 20 miles from me) and told her to stay OUT of my territory. She looked up her May trip and sure enough --- IT WAS HER! Miles and miles from anywhere!

Spouse's Corner

by Pat Stanley, the Editor's Spouse

John said I must complete my Spouse's Corner before I head to Asheville, NC for a conference. I planned to write it upon my return, but he wants it in the mail before he heads to New Hampshire to visit Gary Deachman a few days after I come home.

So, here I am hogging the computer while he is still awake. I knew it. He just got off the phone with Don Whelan and wants to check his email. Too bad. So off he goes to snooze through some more football.

In the last issue, I asked members to send me ideas and pictures on how they display their collection. John Hall responded with lots of pictures. He's been very creative in using his limited space since Anna won't let him display openers in the living room and bedroom. His "I" openers are in the hallway. They looked like he had wired them in place. Then he changes around what he displays in frames in the den. In the pictures he sent, he had all the Canada Dry together, Millers in another frame, and A-12s were together. The PA openers were another grouping on a keystone shaped board. He had some kitchen type openers on a peg board that goes down into a case, something I had not seen before. Anna had some kitchen type openers in the utility room on a peg board.

Thanks for taking time to share your ideas with us, John.

In the July issue, I also expressed the goal to slowly read through all the issues of JFO, discuss some of them in each quarterly Spouse's Corner and develop an index for all issues. The index is being created behind the scenes. Maybe I will share some with you in the next newsletter.

The newsletters were short in the beginning, so last night I read through all the published issues from January 1979 through October 1980.

Why did Don Bull start the newsletter? "......to serve as an arm for collectors of openers to broaden their collection through contact with other collectors and to attempt to establish a running catalog of new finds". The newsletter certainly has brought collectors together and cataloged lots and lots of new finds.

In 1979 the newsletter subscription was \$5 per year. I will never forget how hard it was for John to increase the amount to \$20 when he had to switch from bulk mail to first class. In twenty years, I think it's a great buy!

In the beginning Don often requested historical information, new discoveries and ideas from the subscribers. To this day, input from the readers continues to be the lifeline of "Just for Openers".

In the first issue, Don included an "Opener Value Survey", but collectors were not ready to share that information. They were, however, willing to include non-beer openers in the listings.

Ed Kaye submitted the process he uses to clean openers in the first issue. The extra work paid off, usually in bringing a price 25 cents over what he paid for the item. Now, let's see. The newsletter went up \$15 in 20 years. Will Ed now sell those baseball players for \$15.25 over his cost? I don't think so. In fact, he probably won't sell them at all!

Spouse's Corner by Pat Stanley (Continued)

In the April 1979 issue, Don included reference materials information. Bob Kay was working on a book on mini bottles. There was an interesting compilation of patents for corkscrew collectors in the <u>Guide to American Corkscrew Patents</u>. I haven't heard about these, but the third one Don listed is in John's library, Who's Who in Brew.

By the July 1979 issue, it was obvious that the newsletter was reaching it's goal. More and more interest was reflected in a longer newsletter.

Don Reed shared the average price of openers he purchased "up to 1977", "to 3/78" and "to 3/79". \$1.07, \$2.60 and \$3.31 respectively. I'm pretty sure John Stanley's average is significantly higher. The postage he pays might be close to \$3.31.

In April 1979, Art Santen sponsored the first Bottle, Can and Corkscrew Openers Convention on a Sunday at a church. (Is that where the name church key came from? No, see the January 1980 issue for that story.) Art was wearing a necklace made of openers and his daughter wore a sash for "Miss Opener 1979". We never know what Art will show up in at the annual convention, but we can be sure that he will be decked out in some costume. Captain Corkscrew is the most memorable to me. Only 7 people attended this show, back in the days when Art only had 3700 openers.

Michael Jordan submitted an article for the April '79 issue. Now, I don't know much, but was this "the" Michael Jordan??? The article was "An American Art Form". Now that sounds more like Dennis Rodman wrote the article. Anyways, it was about the figural bottle openers and announced that there was a club for those interested. The Figural Bottle Opener Collectors Club was formed in Ephrata, Pennsylvania in May of 1978. Bonnie Bull was secretary.

Don't you agree, July 1979, the third issue and interest was definitely there!

The October 1979 issue, included information about placing ads for 10 cents a word. John doesn't like to count words, so he allows ads free. I guess that's good, as I'd be counting words, sending bills, keeping up with receipts. I'd rather be reading back issues of JFO!!!

A copy of a March 1965 opener order form for Anheuser-Busch wholesalers was included in the 4th issue. You could get a thousand openers for \$10.75. If you ordered 50 M, the price dropped to \$9.90 per M. Is that how Art got his first 3700 openers? What was amusing is that the imprinted openers could only be sold to States where imprinted openers were legal. Openers without imprinting were available to States where imprinted openers were illegal.

In the October 1979 issue, Art Santen submitted an article about the first Just for Openers Convention held in Connecticut. Art added 280 openers to his collection and made eight new friends. The second JFO Convention would be held in St. Louis with Ollie Hibbeler as sponsor.

So ends the first year of the newsletter.

The subscription for 1980 went up to \$7.50 and people were slow sending in their renewals. John goes through this every year, concerned about lost interest. Then, in come the renewals and more!!!

Spouse's Corner by Pat Stanley (Continued)

The Dictionary of Word and Phrase Origins explained the term "church key", but an old-time brewery worker, Mr. J.R. Oberhofer from Milwaukee set the record straight. Everyone in the brewery where he worked for about 35 years carried an opener that looked like the top end of the kind of heavy ornate key used to unlock church doors, so it came to be called "church key".

In the April 1980 issue, Joe Cardone submitted the average price of openers sold in his first mail auction, \$3.39. In the July 1980 issue, his second auction brought an average of \$3.76. In October 1980, the third auction average was \$3.48 (Maybe people started holding onto the less common ones?) Those were the days!

By April 1980 Bob Kay's book on mini beer bottles was nearly off the press. Don and John know what a glorious day that is!

There was a Special Edition between the April and October 1980 issues to tell all about the 2nd JFO Convention in St. Louis. It was a lot of fun and everyone enjoyed trading. The results of a survey about formally organizing a club were reported. The majority wanted "no dues, no meetings, no officers". And so, JFO continues to be a group of subscribers.

In the July 1980 issue, suddenly lots of brewing companies and manufacturers started appearing. Don's request for information were being answered. At the end of the article, there was a list of opener manufacturers and the known types of openers they produced. I'm sure the pages of that newsletter were well worn.

The October 1980 issue continued with historical information, lots to include in my index! There was also an article on Can Piercer / Cap Lifter Variations. Dick Britton knows all this, I'm sure.

I have not been to the campus libraries to explore as I had hoped, as I'm seldom on campus right now. A long-term project keeps me in a satellite office 4 miles from my permanent office in the heart of the UNC campus. I sure miss it, especially as cool fall days approach.

I better pack for the mountains of North Carolina where it will be a little cooler.

Until next time.....

"Opener Trivia"

Hopefully this will be the final grading scale. We have a 1-10 scale in the new soda book and to match it, I will use the following grades in the future. Numbers 1,2,4,6,8,10 cover most cases and occasionally I might use 3,5,7,9 grades. The current auction uses this scale.

Grading (G): 1-Poor, 2-Fair, 4-Good, 6-Very Good, 8-Excellent, 10-Near Mint or Mint with 3-Fair Plus, 5-Good Plus, 7-Very Good Plus, 9-Excellent Plus

The Loop Seal "New Discovery" shown in the April issue is actually a "D" New Discovery in this issue.

First item to discuss is a question posed by Jack Ford. Most everyone has seen an A-14-1 Rainier which was supposedly issued to signify the Golden Gate Bridge in San Francisco. In 1986 a new listing was submitted for the A-14 for Jacob Schmidt Brewing Co. St. Paul, Minn. / Schmidt's City Club. Has anyone actually seen this opener? The St. Paul/Minneapolis area is known as the "Twin Cities" and several bridges cross the Mississippi to connect the two cities. I suppose this opener could be legitimate and if anyone has one, could they send a picture or xerox? The A-14-1 Rainier is shown below left.

John Hall wrote and found a B-53 "Milwaukee Mayer Custom Made Honorbilt / A. Skinrood, Kimball, So. Dak.". Does anyone know what kind of company Mayer was?

Ebay auctions just keep picking up steam. Every week I notice one of the JFO members entering into the bidding process. Like it or not Ebay is the best place to find elusive openers. Unless you are fortunate enough to buy a nice collection, Ebay provides the opportunity to purchase good openers and corkscrews. Like any other kind of auctions you will usually pay a good price and sometimes a high price.

Some of my Ebay purchases since the last issue are the following: A-9-1 Buffalo, A-23-UL Grain Belt, A-29 Whistle, A-33-1 Ackerman, A-35-18 Walla Walla, A-38-6 Kings, B-1-20 Susquehanna, E-4 Nehi, E-8-UL Old Colony Fall River, Mass., E-9-37 Krantz, E-9-UL New England, E-17-UL Ohio Brewing Columbus, E-17 St. Louis Soda Water Co., E-22-UL Tivoli Lager S.F., F-5 Coca-Cola, M-27-UL Lone Star, M-29-UL Jax, M-50-UL Narragansett, M-56-1 Pfaff, M-107-1 Narragansett, N-39-UL Pearl, N-80-Jax, O-4 Dr. Pepper, O-501 Coca-Cola (Swivel Hook Wall Mount) and a P-74-UL Arnold & Co. Ogdensburg NY. These are my main buys and as the case is now I have lost out on several good pieces, a couple being an O-1-1 Hamms and a P-16-1 Narragansett in mint condition.

Other items of note are a just sold A-1-28 Yosemite for \$239 (third high bidder was at \$150). The month of August was especially good for Art Johnson of Mendon, Mass. First he gets unlisted M-3 Osterstyock Beer from Easton, PA and then he gets the very tough M-3-27 Trommers. He followed this up in September with a M-73 Four Roses Whiskey from Louisville, Ky. Art's two M-3 purchases are shown top of the next page.

"Opener Trivia" (Continued)

Below is a Starr oversized O-5 (Coca-Cola shown for comparison) Flight Malted Milk wall mount opener which brought \$414 on Ebay. To the right is a very unusual Pay Wall Mount Opener made by the Pay-Pull Mfg. Co. of San Antonio, Texas and dating from the 1940s. I had never heard of this one. It sold on Ebay for \$885. A nice cross over for coin operated machine collectors.
