(Details in Sale Ads & On Website)

## C-1-6 Bismarck

One of the harder C-1s to find is the Bismarck Beer one from Baltimore. I have only seen a few examples of this opener and finding one in great condition is very hard to do. If you want to find some great Baltimore and Washington D. C. openers make plans to attend the Just For Openers convention. Details on the last two pages.

## Collections

Don Bull is selling his collection. Email: [corkscrew@bullworks.net](mailto:corkscrew@bullworks.net). His outstanding collection was built over 40 years and has over 10,000 corkscrews. Bob Stahly is selling some of his collection on eBay. Check out ID: bridge61364. "He wants everyone to have an equal chance at his good openers".

## —2016 JFO Convention #38 April 20-24 Hampton Inn BWI (Linthicum MD) Baltimore MD—

The convention is fast approaching. If you plan on attending please reserve a room as soon as possible. The cutoff date is April 1st but reserving a room early is something you can always change later. Anytime we are on the east coast we have a great turnout and Baltimore should continue the tradition. The hotel is located about 10 miles from downtown Baltimore and 20 miles from downtown Washington D. C. Traffic can certainly be very heavy early morning and late afternoon but the hotel offers a shuttle which services anywhere in a three mile radius (the airport is one mile away) which includes a train station three miles away that will take you to either downtown area. The Washington Capitals will have games in DC Fri. to Sun. against the Minnesota Twins and the Orioles will have games in Baltimore Tue. to Thu. against the Toronto Blue Jays. If anyone has questions please email or call. Be THERE!!!

## Member's Update

Thom Thompson, member #363, passed away April 7th, 2015 at the age of 78. Thom was a world leading authority on Coca-Cola collectibles of all kinds but really loved figural Coca-Cola openers. His opener collection was the main focus in "Soda Advertising Openers". Our condolences to the Thompson family. More on page 5.

Verne Vollrath, member #162, passed away October 31st at the age of 89. Verne attended many JFO Conventions and amassed a formidable collection of United States beer advertising openers with a heavy emphasis on "B" types (key shaped). At his side at every show was his wife, LaVerne, and they made a great collecting couple. Our condolences to his three sons and the Vollrath family. Another great opener collector has left us. Thanks for the great memories Verne. More on page 3.

On November 9th, 2015 we lost Bill Sell, JFO member #443. Bill collected all B-13 Nifty corkscrews, along with "Flash" corkscrews and wooden sleeve corkscrews with any kind of advertising. Our thoughts and prayers go to Althea and the Sell family.

On January 10th, 2016 Harriet Waldo (#228) passed away in California (her brother was taking care of her) at the age of 83. Harriet always attended JFO Conventions for years and being a Jefferson City, Mo. native loved beer items from there and really loved her "H" types. Her constant first question at a convention was, "do you have any "H"s for me?" Our condolences go out to the Waldo family. She had a lot of JFO friends. More on page 4.

### Things To Do In The Hospitality Room

Usually the Collectors’ Spouses are women, so a table in the Hospitality Room has been named the Ladies’ Table. It is where old friends meet again and welcome new friends into the group.

Often these Ladies know very little about their husband’s collection, John Stanley’s Spouse included. I’ve asked him to show me openers/corkscrews as he gets them so I can learn more, but so far (28 years later) that has not happened.

I think he really doesn’t want me to know how much he spends. I often do find out some information when I read the newsletter!!!

So this year, I have a plan. I will post a schedule in the hospitality room where collectors can sign up to give a little presentation at the Ladies’ Table. They should include how they got interested in collecting openers and/or corkscrews, what is the focus of their collection – styles, city names, etc., their favorite find, number of items in their collection and show us some examples.

If we do not get voluntary participation, we will come get you!!

Who will “Present When” Will Be Posted so Ladies Can Be Sure Not to Miss This Event

Tribute To Verne Vollrath #162

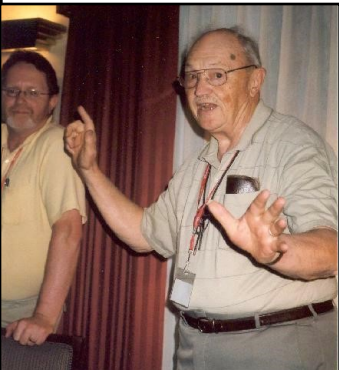

Verne started collecting beer bottle openers in the late 1970s when Don Bull published his first opener book (the red cover book), "Beer Advertising Openers A Pictorial Guide". Verne living in Wisconsin was in one of the really great areas of country to collect beer advertising items. He could always be seen at flea markets and shows carrying his "doctor's bag" around looking for beer openers. He started attending early JFO Convention and helping with local area auctions near Janesville. He was a natural to be the JFO Convention Auctioneer. His wife LaVerne recorded auction items and sales. Verne was a great ambassador for JFO and always trying to recruit new members. He attended many beer conventions and I cannot tell you how many times I would be doing room-to-room and Verne would be ahead of me coming out of a room as I was going in. Usually he would say nothing too good and it because he had bought the good ones. One of his collecting rules was to never trade or sale an opener unless he had a duplicate. Verne amassed one of the great U. S. Beer advertising opener collections. Starting in 2012 I had the pleasure of selling this awesome collection.

**B-23-92 Marshfield: One of Verne's favorite openers. He was attending the 1999 JFO Convention in Naples, FL when Vic Kroll brought a lot of his collection to sell. Verne and Vic worked a deal out and I think Verne paid \$50 for it. At the time the only one known but a second example appeared in the Don Sherman collection.**

**Tribute To Harriet Waldo #228**

Harriet Waldo loved collecting bottle openers and also anything with a “smiley face”. She would patrol the halls of a convention with her JFO Handbook in hand and no matter what kind of beer opener it was or how many, she would sit and check against her inventory list. I learned early on at a convention that Harriet was usually not a big spender on openers no matter how much she loved them. She looked for deals but would occasionally step up to the plate. In the early 1990s at the Oldenburg JFO Convention, she paid me \$50 for the last H-8 she needed to complete the set (it was a H-8-19 Atlantic (Tavern Scene). She was so nice I usually gave in and sold it to her at her price. She tried to haggle me down on the H-8 but I held out on that one. Harriet arrived early for a convention and after the Saturday show would be ready to get on the road. She was another good recruiter for JFO and even though it took her about five years she convinced Jeb Burruss to join in the late 1990s. She had a great collection of Jefferson City, Mo. beer openers and chased after those elusive “H”s hard. Unfortunately she had been in declining health in recent years and last year her brother had moved her from Jefferson City to California to take care of her. Her positive attitude and great smile will be missed by all of us.

**Right: Harriet at the 2005 JFO Convention in Omaha. Below left: Harriet always seem to be checking her handbook if she needed an opener. She would check them all. Below right: John Mlady, Peg Redl, Harriet and Bob Post at the 2011 JFO Convention in Cedar Rapids. Bottom left: Harriet with her “Smiley Face Don’t Worry” beside Jeb Burruss (glad she got Jeb to join JFO). Bottom right: Bob Stahly is always getting everyone laughing and he had Harriet going at the JFO Auction in 2003 at the St. Louis Convention. Jim Osborn has a good seat behind them watching these two go at it.**

**Below: Four tough H-2 (Over-The-Top) openers from Dick Bros. Brewing in Quincy, Ill.**

**Tribute To Thom Thompson #363**

In the “old days” of JFO Thom Thompson always ran a want ad looking for Coca-Cola openers and any beer openers from Lexington, Ky. Brewing Co. His eleven page price guide for Coca-Cola openers in the April, 1984 JFO Newsletter is a classic. Thom was a treasure trove of historical information and was always looking for old catalogs and shared many old advertisements he found for Coca-Cola openers and just openers in general.

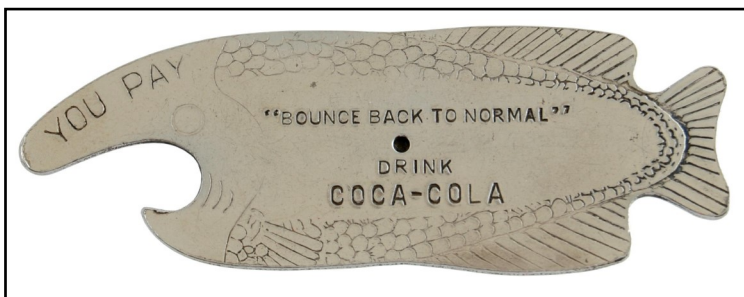

We first hooked up in the early 1990s when I sold him a Coca-Cola opener and he passed along a small collection of non Coca-Cola openers for me to sell. We had a lot of wonderful phone conversations talking openers. Some of his early collecting stories were based on going to the Indianapolis Advertising Show in the 1960s and 1970s. He found a lot of great openers but told me he quit going in 1980 because he could not find much by then. I always chuckled about it because I was just getting into opener collecting then and openers were everywhere. All shows were great sources but an old timer like Thom had seen the really amazing collecting days.

His Coca-Cola opener collection was just outstanding and contained over 50 A-Type figural openers and many rarities out of his total of about 500. In 2003 he sold his opener collection to an Atlanta collector for \$33,000. Quiet a sum for 500 openers but a truly outstanding collection. In 1998 he shipped 100 of his better openers so Don Bull and I could complete “Soda Advertising Openers”. He was always willing to share information and was one of the giants in the advertising collecting field.

When we first started corresponding in the early 1990s I had found an A-15-UL Dixie Brewing from Lexington and sold it to him for \$60.00. It was pricey but he passed it along to a close friend who collected Lexington beer items. I have never seen another. Thom did bring his Coca-Cola opener display to the 1992 JFO Convention in Fort Mitchell, Ky. He was the overwhelming first place winner but Ed Kaye pointed out that Thom had not registered for the convention so he was not allowed to win. So everyone moved up one spot and it allowed me to finish third and it was the first time I won an award for a display. Thom’s love of the hobby will be sorely missed.

**Coca-Cola Openers: Top Left: Two different O-22s (Small Never Chip Wall Mount). Top Right: A-33 “Big Fish” “You Pay Spinner” figural. Bottom Left: Five different B-32 (2” Long) key openers. Bottom Right: C-12 Coca-Cola “Drink of the Fans”. I saw Thom’s collection three times and as far as I know he never had any of the Coca-Cola styles. The B-32 has seen a few other examples but the other ones are the only known examples. Thanks Thom for all of the great memories on collecting advertising especially Coca-Cola.**

## History of Cataloging JFO Openers (1)

At the Rush To The Rockies Show in May, Herb and Helen Haydock told several historical stories of how they got started collecting. In the 1950s and 1960s they would buy all kinds of breweriana and one comment Helen made was early on they did not buy brewery lithograph pictures because “they tore to easy”. By the 1970s they were seriously collecting all beer advertising items and Herb was accumulating a lot of openers. So in the days before JFO launched in 1978 he developed a numbering system to classify his openers. Herb numbered each style (bottom picture) and then for each style would list alphabetically each beer opener he had (eight different page shots the next two pages).

When Don Bull started working on a system for JFO Herb sent him his listings. Even in the mid-1970s Don had to realize that just numbering types would not be easy to track as many new types or styles were being discovered. Don carried the cataloging to a new level by assigning letter codes for broad categories such as “A” for “Flat Figurals”, “B” for “Key Shaped, and etc. Thankfully his system has really been wonderful for JFO as any opener fits in one of the letter categories. Our problem as we have gone along is many openers can fit in more than one category.

From 225 types and 3,000 listings in 1978 JFO has grown to 2,000 types and 20,000 listings. Each year the JFO Newsletter Editor would catalog new additions and pictures new types. Don until 1983, Ed Kaye from 1984 to 1988 and Art Santen from 1989 to 1993. I took over as editor in 1994 and started helping Art maintain new additions in 1993. The Stanleys had gotten their first computer and when Ed Kaye produced the 1984 Handbook which included Don’s original “Beer Advertising Openers” catalog plus any additions since that came out since 1978. Ed keyed the data in on an old Tandy computer and we tried but there was no way to transfer the data so I rekeyed everything for the 1994 Handbook. For years I kept the data in a Word Document and finally for 2015 converted to Excel which is much easier to maintain. Any new additions are keyed into the current file and New Discoveries I key in at the end of the year so I can alphabetize by name. Number for additions and types are assigned at the last minute before publication. Hopefully this helps members understand the history behind the system.

Above: Somewhat hard to believe for an opener produced in the 1930s but the patent for an M-3 Slider is granted to Albert Andrews of Fort Collins, Co. on September 2, 1952. He called it a "Resilient Casing With Slidable Tool" and states the invention relates to pocket tools. **Top right:** Patent for the M-62 Schlitz opener granted to Fred Joseph Braun on September 25, 1956 for a "Slidably Housed Container Opener". Object is for a cap remover and can hole puncher with whichever tool is concealed in the handle. **Bottom right:** Patent for the M-129 Lone Star opener granted to Saul Langner of Jackson Heights, N. Y. on January 14, 1964 for a "Puncher Type Can Opener Which Provides An Air Vent". This opener makes a double punch, one to allow pouring of the liquid and a second hole for ventilation.

## Souvenir Corkscrew Better Than A Postcard (Conde Nast Traveler)

Souvenir

**Better than a Postcard**

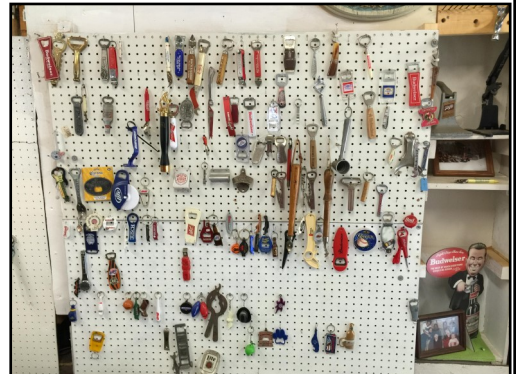

**EVEN THOUGH** it looks like it could open an iron-barred castle, this is actually a corkscrew in the form of a skeleton key (known to locksmiths as a lever lock key). These corkscrews were not uncommon items nearly a century ago, especially in Germany, and collectors today are quite fond of them. Some were “aged” with a verdigris finish. The nicer ones, called Bremen keys, were silver-plated, with that city’s coat of arms forming the handle. These were sold as souvenirs, as this one likely was—it’s almost like a postcard, engraved with the message “Greetings from the Rhine, Lotti,” only highly utilitarian. We’ll never know if *Lotti* refers to a region or a person, but we’d like to think that whoever was the recipient of this faux key used it to enjoy a nice Riesling. Or a Pilsner: The looped handle on this one doubles as a bottle opener. -CHRISTOPHER BONANOS

## Summer/Fall Breweriana Trips

**ECBA Convention Concord, N.H. July 23-25:** Gary Deachman picked me up in Manchester for the short trip to Concord. ECBA always has a core contingent that attends and the Marriott Hotel was a nice convention site. Room-to-room action was slow Thursday but like JFO everyone sets up in the convention room Friday and Saturday. Opener business was slow and some good openers were offered but Gary sold well in general breweriana. Tom Atkinson came in Friday afternoon and I did buy some pieces that needed a lot of work including a Springfield Brewing bar mount (Quick and Easy) that was broken and in really rusty condition but I salvaged the advertising plate anyway.

One funny scene occurred at the Saturday Show when Gary went to the bathroom and I was watching his table. Joe Gula, a well known tip tray collector and author of a book on tip trays, was browsing through Gary's notebook of paper items when he found a "Dotterweich Brewing" letterhead which is one of the main breweries that Joe collects items from. He said how much and on the back it was marked \$35 and I said it will be \$35. Joe says I will take it and about that time Gary returns. I told him that I had sold the letterhead for \$35 figuring he would be happy. Gary goes, "no I can't sale it for \$35 because that figure it what I paid for it". I thought who the heck prices items for a show with what they paid for it. Joe still wanted it and said what is the new price. Gary said \$75, Joe offered \$50 and Gary reluctantly agreed. I laughed the rest of the show about it. Gary says, "you know I can't sale something for what I paid for it". I have done it many times and many times I have lost money. Anyway they both ended up being happy.

We left Saturday afternoon and visited with Rick and Darlene Atwood. They live about 40 miles from Gary and Darlene provided a nice supper of hamburgers and hot dogs. Rick has a nice diverse collection of old and new types and loves his Ballantine beer openers. That night I stayed at Gary's place in North Woodstock and of course we had to do a little wheeling and dealing. The one big deal was Gary got a really nice M-2-19 Rising Sun See-Bo Brew litho opener and I received an A-17-15 Gold Nugget and an A-15-25 Schwab both in nice condition. Sunday afternoon I headed back to Durham.

**NABA Convention St. Louis, Mo. July 28–August 1:** For NABA I decided to drive and it just so happens Don Lawhorn lives about half way between Durham and St. Louis so I stayed with Don and Carolyn Tuesday night going out and then Saturday night coming back. Don ended up buying most all of the M-19 muddlers I had along and also a few Southern U. S. beer openers. He did trade me a B-21-581 Stueben Brewing key opener (I had tried to buy it on eBay but was runner-up to Don). After a really enjoyable visit with the Lawhorns I left early Wednesday morning and arrived in St. Louis about 4PM.

One thing about NABA members is they have really nice breweriana to buy and sell at their convention. This show was by far and away my best selling show of the year (besides JFO) and I bought some nice items also. Several JFO members attended including Norm Jay, Larry Moter, Dave Alsgaard, John Bitterman, Dave Gausepohl, Herb and Helen Haydock, Bob Post, and Don Roussin. A special treat was Art Santen giving a 30 minute talk on the history of bottle openers. He had several displays and did a great job (see pictures below).

Room-to-room at NABA is really active and most of my selling was Wednesday and Thursday evenings. Buyers were looking for openers from their area and I had a lot of openers to sell. The NABA Saturday Public Show is always well

attended but I had to leave by 10AM so I could be back in Knoxville for supper with the Lawhorns. I arrived at Don and Carolyn's by 8PM (they are just a few miles from where central time changes to eastern time and they are on eastern time). One item I had shown Don on the way out was an old Anheuser-Busch paperweight and people were interested at NABA until they heard the price (\$600). I still had it and worked a deal with Don (one of those items I told him I would do a money back guarantee). He told me later that it has become a real conversation piece for his family and guests.

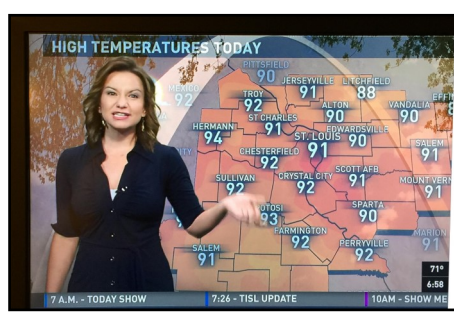

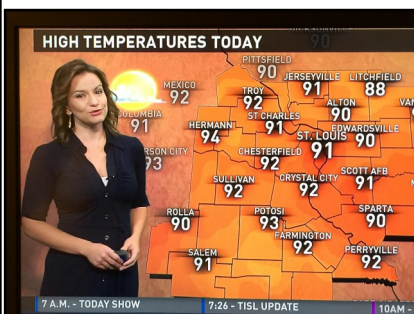

After another great evening with Don and Carolyn and since they both still work I left early for Durham the next morning. Some of the openers I sold on this trip were A-15-23 Moehn, A-15-28 Gettelman, A-15-40 Menominee River, A-17-38 Schmulbach, A-57-2 Blatz, B-1-20 Susquehanna, E-8-135 North Pacific, M-25-2 Budweiser, P-57-UL New South Brewery & Ice. It was a great show.

**Art Santen has this opener with a steel part attached. Does anyone know what the steel part is used for? Loop Seal Remover?**

**BCCA Convention Milwaukee, Wis. September 2-5:** This show was in the beer capital of the world and promised to be well attended. I waited late and being Labor Day weekend I could not get a decent cheap flight on Sunday so I had to skip the public show on Saturday. Norm Jay convinced me to fly into Chicago, take the L-Train from the airport to downtown Chicago and then go Amtrak to Milwaukee as the hotel was two blocks from the train station. Except for being a hot day it worked out great as Norm and I rode the train up and shared a room the first two nights.

This show has about 1,000 people attending and if you collect cans then you are in can heaven. Good openers were very few and I sold some openers, mainly B-types but overall not much action. With BCCA you set up in a huge ball-

room all day Thursday, Friday and Saturday. After the first few hours on Thursday it becomes a long three days. The public is only allowed in on Saturday so it is the same people looking at the same items for the first two days.

Norm and I had a great time and he headed home Friday morning. I left early Saturday morning on Amtrak and got back to Durham that evening.

**Visit to See Ben & Cornelia Hoffman and Boots Queen October 25-28:** It was time to go see Boots Queen and pick up some more of Harold's collection. This trip was mostly to get his soda and non-beer Pennsylvania openers. I stay with Ben and Cornelia and then we go up to Jim Thorpe for lunch and an afternoon of checking openers out. This time I stayed an extra day and Ben, Cornelia and I went to see Tom Raub's townhouse full of breweriana and great advertising collectibles. To say his three level unit is packed is an understatement. Walls full and cases and cabinets everywhere. From family heirlooms to local breweriana Tom has an unbelievable collection. I did have to chuckle as he collects family related beer items and he sure had a long list. It is always fun visiting Pennsylvania and yes I did bring back several hundred openers from Harold's former collection. Below are pictures of a few openers and one sign from Tom Raub's collection.

Norm Jay and I had supper at Mader's German Restaurant at BCCA. The show room was huge as I sat behind my table. Business was okay.

Above: M-3 Half Moon Hotel Coney Island, best known for where Abe Relis (FBI Informant) who put many members of "Murder Inc." behind bars, either fell, jumped or was pushed out of a sixth floor window on November 12, 1941 while in police custody. Hotel was demolished in 1995.

Rare Airship Macon opener (same style common with Airport Akron). B-1-30 Liberty Tamaqua, found in the bottom of a can of junk for \$1. E-6-208 Old Lancaster (much harder to find than E-6 Lancaster from Ohio). B-14-177 Freeland, another rare PA opener (anything from Freeland is tough). E-6-49 Sterling from Mauch Chunk, Pa. (now Jim Thorpe, Pa.) Any opener from Mauch Chunk is rare. Left center: Union Bottling Works wire opener with a spatula (???) on one end (never seen an opener shaped like this one before). One of the many breweries Tom collects is Yonkers from New York City and he has both B-21s, Yonkers Ale and Yonkers Beer. As both openers say "Y. B. Dry?!"

**Guzzle ‘N Twirl Show St. Paul, Mn. October 8-10:** This is a one day show and the night before many people attending stay at a nearby hotel for room-to-room trading. Pat Stambaugh was my host and since I had never seen his collection before I came in Thursday and spent that night at his house. I arrived in the afternoon and he had arranged a tour to see Jim and Ruth Beaton’s collection. Just one awesome collection of mainly Minnesota and Hamm’s beer items plus a really great general collection.

For years I have sold Pat Stambaugh just about any Minnesota opener he needed from my collection. Once we got to his house in Lake City I got to see a most impressive display of Minnesota openers. You would think he has 99 percent of the known openers but there are several he is missing. Pat said he got started around 1980 buying coasters and never paying more than \$2 for one. It would be close to 20 years later before he got into openers. He has certainly made up for lost time.

Friday we spent antiquing and got a few miscellaneous \$5 openers but nothing special turned up. At least we found some openers. That evening we checked into the hotel in Maplewood but unlike the previous year there were just a few rooms open. The next morning we got an early start to the show as always 400 tables of breweriana but the weather was so nice the walk-in crowd was down from previous years. I sold some openers and bought a couple of items but a slow show for good openers. The crowd stayed around until closing at 3PM. Pat got me to the airport and I thanked him for a great three days.

**Watsonville CA Beer Show November 7, 2015:** Our annual San Francisco trip has been scheduled around this show and Pete Nowicki is always kind enough to pick me up early in the morning so we can drive two hours south to the Santa Cruz County Fairgrounds. This show is always well attended by the locals which include John Cartwright and Bill Muma (along with his brother John). We stay a couple of hours and I usually pick up several new openers from Bill and John Cartwright also. This year the show was opened up to general advertising dealers and a lot of neat collectibles were offered for sale. Older openers were hard to find except for John Cartwright’s table. On the way back to San Francisco Pete always stops by some antique places in the San Jose area. No luck this year but you never know. The next day John and Marcia Eblen visited us at our hotel and stayed Sunday night. We had a great time and John and I talked openers a lot. We were all looking forward to JFO in Baltimore.

**Bill Muma got a great eBay buy for this rare Alaska beer opener, B-35-29 Pioneer.**

**Summer/Fall Breweriana Trips (Continued)**

**Brewery Collectible Show Belleville IL November 13-15, 2015:** Since I had a couple of free room nights at a Hampton I decided to go to the Belleville Beer Show. I always manage to stop in and see Art Santen and did that Friday evening after a nice dinner with Norm and Judy Jay. The show on Saturday was pretty good. I sold some openers and got to see fellow JFO members Dave Lendy, Jim Osborn, Norm and Art. Norm and I completed a trade and this one has to be kept secret to protect the guilty. No good openers to buy at the show and I ended up visiting Art again on Sunday. With 40,000 openers there is always something to look at. Right: Art Santen and Jim Osborn at the show.

**Red Fox Fall Fest Auburn Ma. November 19-21:** A third straight weekend beer show and again I relied on Gary Deachman to be my chauffeur. He picked me up Thursday afternoon and we made it to the hotel by 4PM. Several rooms were open that night but the real action started Friday. Again Gary sold general breweriana well but not many openers available at the show. When you have Gary and Larry Moter looking for openers it can be tough. Tom Atkinson also came to the show to sell but not any good openers this time. Unlike the previous year when we were beside the hospitality room we were one floor below and not near as much traffic. We still had a good time before heading to Gary's place Saturday afternoon. Of course we had to do some trading. I got some muddlers from Gary and he got some brass openers and a little E-32-1 Wehle opener he had been after. Sunday I headed home and this year's beer shows were complete. It was time to be home awhile or at least according to Pat. At left is a picture of Gary's sweet dog, Lola, as Gary was dropping me off at the airport.

When the new 2016 Handbook comes out deleted listings instead of being at the end of each style's listings will be alphabetized within the valid listings. Over the years many foreign, non-beer and duplicates have been entered and this way you do not have to browse two lists to find these mistakes or know if something was listed twice.

For 2016 I want to redo the Handbook picture guide as we are approaching 2,000 types or styles. I need to reduce many picture sizes plus many of the older pictures are not good quality.

Questions or comments are always welcomed and thanks to the many new micros, new openers are appearing everywhere.

**"Opener and eBay Trivia" ("BIN" Buy-It-Now & "DNMR" Did Not Meet Reserve)**

The number of overall openers offered for sale the past six months in down about 20 percent from the previous six months. Many good openers are still being offered but the overall numbers declined. Some sellers are offering the same unsold openers time after time and they are not reducing their price. You can maybe try to sell something at a certain price a couple of times but if the item gets no bids, you need to reduce the price (note eBay charges more for their commission if an unsold item is relisted time and again for the same starting price).

On a trivia note, Art Santen wants to know if anyone knows what brewery or where "Maloney's German Lager" is from? Could be a distributor but Art is curious on the history of the brand. On another note, Scott Ziemba

relays an old rumor that supposedly a Starr X O-5 opener was made advertising "Iroquois Beer". Has anyone seen one or can they shed any information on this rumor?

Below is a picture of the 15 known B-23 "You Pay Spinners". When the "Advertising Openers" book was completed in 2013 thirteen spinners were shown but thanks to eBay and Ernie Thoms I added the Terre Haute and Liebotschaner spinners. It is always nice to have "a set" of any type. "You Pay Spinners" are one of the more neater styles to own. Does anyone else have a complete set of a tough type or even a type that is not that tough. Please send email pictures of any you may have.

Many of the openers in this auction were ULs and most were in great condition. The top lot was the A-43-UL Lexington Brewing Co. horse head figurial at \$90.00. On the right is my invoice for the openers I received. Outside of the horse head I got most everything else I wanted except Lynn had made a mistake registering bids and I was the under bidder on lot #429 A-34-UL Reading Beer powder horn. I found out some time later that Marc Benjamin had won the opener (eventually he traded it to me). I still own that one and the following; A-16-4 Southern Select, A-30-UL Fink (really A-53) and B-9-UL Augusta Brewing. The other lots I won have long since been sold or traded off. At the time I knew it was a really good auction but as time passed it was one outstanding opener auction. I should have bid more on the A-43!
