NABA Convention #53 St Louis MO July 30- August 4 2024

The second JFO/NABA Convention was another solo trip for me. No dogs allowed in St. Louis so Pat stayed home. I would be gone 11 days and 10 nights this time. Many thanks to Don and Carolyn Lawhorn letting me stay with them on the way out and on the way home. I also had a nice late lunch above Nashville on the way with Mike and Sharon Hinton. Notes from my daily journal follows.

2024-07-26 (Fri): Left Durham and arrived at the Lawhorns in Lenoir City that evening in time for a very nice supper. Of course Don and I did a little dealing. Don is still collecting Tennessee, Rhode Island, Terre Haute Brewing, Lexington Brewing (KY) and New South Brewing (Middleborough KY) openers and corkscrews. He also has an outstanding collection of Eastern Tennessee Whiskey bottles and other items. His nicest collection are beer and whiskey advertising paperweights. He has sold most other openers he had collected.

2024-07-27 (Sat): My only traffic delay was near Nashville and thankfully only lasted 30 minutes due to a bad wreck. I met the Hintons at the Country Junction Restaurant in Joelton, Tn (30 minutes north of Nashville). Always nice seeing them and I made good time to arrive at the Renaissance Hotel in St. Louis by 8PM. Unloading took about a good hour and I was in a nice suite room on the 11th floor not too far from the hospitality room. Too tired to do much setting up.

2024-07-28 (Sun): The day started with a trip to the Waffle House next door. It is hard to beat their price and breakfast is always good (they have grits). At 10:15AM we left for the NABA Board tour of Anheuser-Busch. About 30 minutes to just south of downtown and our group of 22 had a nice two-hour tour. It was really special seeing the Clydesdales (two horses). The gift shop had some openers but only one new style and none were priced cheap. That afternoon I got the sitting room part of my suite set up and had most of my Expedition full of "stuff" out and opened that evening. I did manage a nice early supper at The Capital Grille in Clayton (about 10 miles away). Sales were great that evening with Sam Marcum getting several rare local openers and corkscrews. Convention was off to a great start.

2024-07-29 (Mon): The first House Tour was today at Don Roussin's house and it is one outstanding collection. Just about every square inch of wall space is taken. He even had signs on his HVAC system in the basement. I did make my meal trip to Jersey Mike's as I get a giant sub cut into thirds to last three meals. I learned one of the benefits of being on the 11th Executive Suite floor was we had free breakfast Mon-Fri. Sales continued to be great with a good percentage of sales being local brewery items.

2024-07-30 (Tue): Three house tours were scheduled that day but I only went on the last one to Randy Huetsch's house and because Pat Stambaugh's roomie, Barry Travis, was driving and he had a brand new car. I do love the smell of a new car. Randy's collection is top quality mainly being St. Louis Breweriana. A basement full of nicely displayed Breweriana of all styles from large signs down to openers. Sales were good that evening but slowing down. The good news was the Hintons, Tommy Campnell and Dave Pinney arrived. Being in a suite it was like a mini hospitality room.

2024-07-31 (Wed): I had brought two six foot tables with me (the hotel wanted \$20 per table per day) and told Tommy to bring his two tables in and the room was full of openers and

corkscrews. Foot traffic was good most of the time and we both sold well the next three days. Jim and Mary Jo Osborn arrived and had a great selection of beer advertising openers and corkscrews for sell. That afternoon Jim picked out some really nice pieces I had and we worked a deal out for his complete set of M-73 beer slide-out corkscrews (14 in total). I had to throw in a chunk of cash and then the next day I made my "baby trader" claim that I should have looked the closely at sliders before dealing. Jim was gracious enough to give some credit back.

2024-08-01 (Thu): Sharon Hinton had set it up a few weeks before but today was the day Tommy, myself, Sharon and Mike would visit the St. Louis Arch. We had to be there by 10AM, we saw a short movie on the construction (Johnny slept through part of it) and then afterwards Sharon, Tommy and me got to go to the top of Arch. Mike is claustrophobic and did not go. The Arch trip has 8 five person cars go up each side every 10 minutes. In our car we went up with a German woman with her young son. Four minutes up, ten minutes to check the great views and then a three minute ride back down. It was really cool and thank you Sharon for setting it up. We were back down shortly before noon and found out if we hustled down to the river we could catch the 12:15 Riverboat Ride that Sharon had also signed us for. The old people were puffing but we made it. It was a hot day but the humidity was not too bad. The Riverboat ride lasted about 45 minutes. I had to huff and puff back to the car about a half mile away. We were back at the hotel by 2PM. Thank you Sharon for setting all of this up. Sales were decent Thursday and the Convention was still rocking and rolling. Many thanks to the Vicksburg people for setting up a great two room display of the Herb and Helen Haydock Collection that Chris Moore had bought.

2024-08-02 (Fri): Today shoppers came by but most everyone was getting ready for the Friday Evening Banquet and Tommy got going in rare form with Captain Morgan about midafternoon. Thankfully the great banquet food helped to "settle" Tommy down. Tommy and I shared a table with Mike and Sharon, Jim and Mary Jo, Dave Pinney, Pete Magnuson and a NABA Guest. Friday evening I had to get my Saturday Show openers packed up.

2024-08-03 (Sat): I went for an early breakfast at the Waffle House and Tommy came in half-way through my meal. Table setup starts at 7AM and NABA had 200 tables and the public can come in at 9AM. We had a really nice walk-in crowd. I sold a few good pieces and just a lot of stuff, so the Show worked out great. Tommy and I even met Peter Foyer from Face-book. He has been collecting wall mounts less than a year but has become very knowledge-able about them. Tommy took off at 2PM to head back to Elgin. I spent the afternoon getting stuff packed up. Mike, Sharon, Jim and I went for an early supper at my steakhouse (The Capital Grille) and we had a great meal. On the way back we went by Art Santen's old house which the family had sold and someone was fixing it up. Back at the hotel we said our good-byes as I would be heading out early the next morning.

2024-08-04 (Sun): I was on the road by 8AM after one last meal at the Waffle House, taking four cases of beer to give the Lawhorns and thankfully the car was not as full going home. I got to the Lawhorns by 5PM and we had another great evening. I did start to get a slight cough and thought I was just tired.

NABA Convention #53 St Louis MO July 30- August 4 2024

2024-08-05 (Mon): For the second time Carolyn served a great breakfast and I was on the road by 10AM. My last leg of the trip and I was ready to get home. My problem was I was feeling really tired but got home by 6PM. I was able to unload the car but just wiped out.

2024-08-06 (Tue): Pat convinced me to go to the UNC Same-Day Clinic. They ran a covid test and I got called at 1PM to tell me I had Covid. I started Paxlovid that evening and felt bad for three days before things started getting better. Of course I passed it to Pat but her case was fairly mild. I got chills and a fever the second night. I did learn that Pat Stambaugh got home with Covid and Pete Magnuson also. Same symptoms I had and they got better. It took about three weeks for me to get back to normal but was doing fairly well after one week.

Make plans for Kalamazoo JFO/NABA July 21-26, 2025.
